

Every employer must immediately report any serious, work-related, injury, illness, or death of an employee to the nearest Cal/OSHA office.

Immediately means as soon as possible but not longer than 8 hours after the employer has knowledge of the incident. This 8-hour reporting requirement applies even if the incident occurs “after hours”, on a holiday, or weekend.

In Sonoma County call the Cal/OSHA District Office in American Canyon:

**Cal/OSHA Enforcement Unit District Office
American Canyon District Office
3419 Broadway Street
Suite H8**

**American Canyon, CA 94503
(707) 649-3700**

Fax (707) 649-3712

email: DIRDOSHAmericanCanyon@dir.ca.gov

When in doubt, report to the American Canyon Cal/OSHA District Office, especially if the employee is hospitalized, treated, or transported by EMS or a fire department. These entities may report the injury/illness directly to Cal/OSHA, thus putting your district at risk for a significant fine for not reporting an illness or injury within 8 hours.
